From The Desk of Msgr. Matthew Mitas:

REMEMBER THAT JANUARY IS THE MONTH OF THE HOLY CHILDHOOD OF JESUS!

THE PASTOR'S HIP

The heading of this notice is ambiguous: it can either mean that your pastor is “hip”, or it can mean something in reference to his anatomical joint where the femur and pelvis connect. Although the former is certainly true, at this time I’m writing about the latter. Alas, my poor hip, after 63.5 years of mostly faithful service has deteriorated to the point where something needs to be done about it. In this case, that means a total replacement. It seems that I possess the body type that conduces to the separation of the epiphysis (i.e., the growth plate) from the femur. This occurred in my right hip when I was 13, which, although it was repaired at that time, led ultimately to its being replaced nine years ago. The process, apparently, started to happen to my left hip, but was arrested before I noticed any deformation. Well, the deformation had taken place; not enough to cause immediate trouble but sufficient to affect uneven wear in that joint for the next 50 years, to the point where it is now rather painful and can only get worse.

I decided that now is the time to do something about it, so I’m going in for surgery on the 19th of this month. This will cause some disruption of our Mass schedule; the archdiocese will find priests to cover the Sunday Masses, but the weekdays might be a different story; we’ll have Mass as often as possible, but Deacon Kroutil will probably have to conduct a Communion Service every now and then. I hope that I won’t be down for more than three weeks or so; that part I’ll just have to play by ear. So I ask your prayers and understanding as I brace myself for the final 12 years of my service to St. Angela’s!

OUR BEAUTIFUL CHRISTMAS DECORATIONS

Every parish church, of course, decorates for Christmas. Ours, on the other hand, adorns, embellishes, beautifies, garnishes, ornaments, and bedecks for Christmas! The beauty of our church decorations is self-evident and is verified by the comments of all our parishioners and the visitors who came to Mass here the past couple of weeks. The *real* tribute, however, comes from the many people who whipped out their cell phones to take pictures of the decorations, and even more so by the many who brought actual cameras from home and had *themselves photographed in front of the decorations!*

This is all thanks to that master decorator, Don Krause, and his cast of merry apprentice adorners, notably Paul Krause (who also, with Zack Fletcher, strung the lights in the trees along the soccer field), Matt Adams and Dobbs’s of various stripes, who, if they haven’t become Doctors of Décor yet, certainly will soon! I meant to acknowledge them sooner, but the people who print our bulletin gave us a deadline for last week’s bulletin which meant that I had to write my column before they actually did the work. (Based on past experience, however, I should have just written effusive praise, anyway, with the certain knowledge that they would come through!) I apologize to anybody who helped whose name I neglected to mention; God knows who you are and is magnificently praised by your great service of Him this Christmas!

QUIZ-A-CATHOLIC

Last week, I wrote about the prevalence of “Fake News” in our national awareness, especially the calumnies about the Catholic Church. This week’s quiz is all about Fake News. Below are ten statements drawn from history. Identify which ones are actually fact and which are Fake News:

1. Lucrezia Borgia, Pope Alexander VI’s daughter, used to poison people regularly.
2. Marie Antoinette was indifferent to the hunger of the poor, saying, “Let them eat cake.”
3. After Rome fell, the Catholic Church led Europe into 1,000 years of the “Dark Ages”.
4. The Spanish Inquisition murdered millions of people.
5. The Catholic Church has always promoted persecution of the Jews.
6. The Crusades were launched as a hostile attack on a peaceful, non-threatening Islam.
7. It was the Protestant churches that gave us capitalism; Catholicism repressed it.
8. Seeing it a threat, the Catholic Church has always fought against the advance of science.
9. Darwin’s theory of evolution is scientific fact.
10. The Catholic Church has always underpaid its clergy.

ANSWERS: All of them are fake (except the last one).

QUOTES OF THE WEEK

Here's a collection of paraproductian sentences from the internet:

*Knowledge is knowing that a tomato is a fruit; wisdom is not putting it in a fruit salad.

*The early bird may get the worm, but it's the second mouse that gets the cheese.

*To steal ideas from one person is plagiarism; to steal from many is research.

Nostalgia isn't what it used to be.

QUERY OF THE WEEK

Why is that people believe somebody who tells them that there are four billion stars, but put their hands on it and check when the sign says the paint is wet?

MOVIE NIGHT AT S.A.M!

January 13th, 7:00 pm, "Bella"

Join us for the next installment of Catholic Movie night. Bella is the story of a woman who loses her job on the same day she finds out she is pregnant. Bella has won numerous awards including the Peoples' Choice Award at the 2006 Toronto International Film Festival and the Heartland Film Festival's Grand Prize for Best Dramatic Feature. Free popcorn and soda!

St. Vincent de Paul Society

We want to thank everyone at St. Angela's for their generous support in 2016! Please continue to use the SVDP envelope or the brown envelope at the back of church. From past experience, we know that during the winter months we will receive many calls for families in need of utility assistance. Our next Food Drive will be Jan. 21/22. We are running low on our green bags so please check and see if you have any extras at home. We appreciate your assistance in this ministry.

Development of the Unborn baby Fourth Month

Your spiritually adopted baby's mother can finally feel the movements of her baby within her womb. By the time this fourth month is over your baby will be 6 inches long. His tiny heart has been beating since he was 21 days old. Now this strong little heart pumps 6 gallons of blood every day (picture 6 milk cartons—your baby's heart is a pumping miracle! Your baby is becoming stronger and he likes to turn somersaults. Your baby has lots of nice skin but not much fat to fill it out so he looks a little wrinkly. His skin is covered with vernix, a thick white cream which protects his skin from the salty amniotic fluid. Your baby's face is becoming prettier and he begins to resemble his parents.

Happy New Year!! It is the beginning of another great year! It can be raining, sleeting, foggy, snowing or hot! You can open the doors to our school and all is great! The students are cheerful, giving their best, teachers are challenging their students and all is well! We are in the wonderful world of St. Angela Merici Catholic School.

We have a new beginning! It is great to have the opportunity to start anew! The students start with clean slates. If they have not given their best, they can start now. If they have given their best, they can continue!!

It is great to see some of our graduates at Mass on weekends, you see them as Kindergartners and then wow, they are adults and successful!!

Our students and our children are the greatest asset we have. We try to give our children the best education to aid them in their futures. We pray each day that all these children are successful and most importantly they stay connected to God!

Gratitude fills our hearts! Many thanks for your generous contribution to our teachers' Christmas Fund! All of you are the greatest and we are very fortunate to be part of this great community!! All of you are always in our prayers!!
